“FISH TALES”

Holiday Party a Huge Success!

I hope you didn't miss the end of year Holiday Party! All in attendance had a wonderful time. The festivities were hosted by Greg and Stacey Thompson who did a great job organizing the event. The venue was set up and decorated beautifully. The food was fantastic with a dessert table that was delicious! The OSA Foundation had 22 raffle prize baskets which sold over \$1700 in tickets! There was something for everyone. This raffle alone will pay for an entire trip for the Kids or Military! Thanks to everyone who participated! The numerous door prizes of fishing reels and gift cards were amazing! What a great way to end the year!

PRESIDENTS MONTHLY MESSAGE

I am writing this having just come home from our annual Christmas banquet. I want to thank Greg and Stacey Thompson for the terrific job they did in organizing this event. The venue was conveniently located; the food was delicious; the music was excellent; the festive atmosphere was exciting. A lot of members and guests went home with excellent prizes garnered from far and wide by Greg and Stacey. On behalf of everyone who attended (over 120 people), I want to thank them for their efforts. I look forward to next year's banquet and I hope that even more of you will attend.

Accolades also go to Jeff Routsong and the rest of the OSA Foundation Board for the baskets they raffled off during the dinner. Jeff's wife Kristin put together twenty two gift baskets with values up to \$250 each. The proceeds from the raffle go into the Foundation treasury to be used for the club's Anglers for Military, Anglers for Kids, and Anglers for Scouts programs. The Foundation took in over \$1700 in donations at the banquet. Our thanks go to all who generously donated to the Foundation.

Please note that the January meeting will be on the 8th instead of the 1st which is New Years Day. Thanks to Peter Rohrich, our new vice-president, for making the arrangements with the senior center.

I have had a sneak peek at Jim Mauritz's plans for 2019 and I think there will be something for everyone. If you haven't gone fishing on a club trip before, 2019 will be the time to start. Jim has a superb schedule planned so don't miss out.

2018 was a banner year for the club. Thanks to Larry Cusack and the Foundation Board, the Foundation finally came into being. We also had a wonderful year for our programs with three military trips and five kids' trips. In addition, we provided numerous rods and reels for the Scout camps. Thanks to Jim, Fred, John, Ed, and Ken for all they contribute to these programs.

It's an honor to president of this great club. I look forward to working with all the officers and other hard working members who contribute so much to the club's success.

Gerry Graf. President

CHARTER MASTER'S REPORT

I want to wish you all and your families a very safe Happy New Year's, may it be a year filled with good health and lots of fishing time with our club. I was hoping to give a report on the December's charter, however we have had to reschedule this charter until December 19th.

Well the charter schedule is just about completed, just a few more tweaks and it's ready to go. The entire schedule will be presented at the January 8th club meeting. This year all charters through the end of June will be opened at the January meeting. Then the rest of the year will be opened at the February meeting. Please remember that Charter Masters may take some sign ups on their charters before they are actually open up, we will go over all that at the January meeting.

I want to thank all those that took the time to be considered to be a Charter Master and attended the Charter Master Training Course. Also a very big thank you goes out to Marshall Goddard that gave his time to provide the CPR & AED course. So this year we do have a couple of new eager Charter Masters.

Please remember that the January charter is already opened. It's a two day charter set to go down South to the Colonet area. We will be departing on Tuesday January 15th at 6:00PM and returning on Thursday January 17th somewhere between 6:00 -8:00 PM, our return time is flexible because if we are lucky to find any Yellowtail or Tunas we have some time to catch them on the way home. This Charter is aboard the Relentless out of H&M Landing. The cost is \$438, meals are include even a meal on the way out! Also the fishing visa is included, not you fishing Mexican Fishing License, also a Passport is required for the charter. It's a limited load of 16 Anglers and only three spots are open. With 16 Anglers on the Relentless we have all kinds of room. So if you want on this charter please call me at 760-450-7060.

I am asking that you all please support your club and go fishing with the club, help the Charter Masters this year and get on the club charters. Tight Lines & Sharp Hooks

Jim Mauritz, Charter Master

CONSERVATION

It looks like Southern California anglers will get to fish deeper waters for rockfish -- up to 450 feet in 2019/20 (as opposed to 350 feet now) and up to 240 feet in Cowcod Conservation Areas (as opposed to 120 feet now) beginning March 1, 2019, provided the Cal DFW Commission approves staff recommendations today. Unfortunately, the recommendations also include a reduction in the lingcod daily bag limit to one fish vs. the current limit of two fish for 2019.

Here is a recap of the proposed changes.

1. Increase the allowable depth for the recreational groundfish fishery from 60 to 75 fathoms in the Southern Management Area and from 20 to 40 fathoms in the Cowcod Conservation Area;
2. Increase the recreational season length for groundfish in the San Francisco Management Area by two weeks;
3. Increase the recreational season length for California scorpionfish by removing the September 1 to December 31 closure in the Mendocino, San Francisco, Central and Southern Management Areas;
4. Increase the recreational bag limit for canary rockfish from one to two fish statewide;
5. Decrease the recreational bag limit for lingcod from two to one fish in Mendocino, San Francisco, Central, and Southern Management Areas;
6. Replace language referencing numerical values for cabezon and greenling total allowable catch limits with references to federal annual catch limits in federal regulation;
7. Eliminate language referencing allocation limits for cabezon and greenling from Section 52.10; and
8. Increase commercial trip limits to 500 pounds for cabezon and 250 pounds for greenling.

Wayne Kotow, Conservation

If you're replacing line this winter, please bring the old line to the meeting and place it in the recycle bucket!

JANUARY GUEST SPEAKERS

Our January speakers will be members from our club that are planning to setup side trips during the year. Our Charter Master, Jim Mauritz, will give us an overview of the club trips that he has planned for the year. After Jim's overview the members planning side trips will be invited to describe their trips. I would assume the overviews will include: destinations, dates, costs and number of spaces available. Members that may be planning side trips include; Gerry Graf, Lee Wood, Bill Vogel, Lee Mueller, Jim Mauritz, John DeWitt, Randy Brown, et al.

ANGLERS 4 KID'S

The Anglers 4 Kid's 2019 projection for Fishing Trips is predicated on financial funding. At this time, we are considering up to seven (7), $\frac{3}{4}$ -day trips if the funding is made available. We provided 5 trips during 2018 and feel our current target for 2019 is possible.

We wish all our members and friends a very Happy & Healthy 2019 New Year.
